Student Health Issues

About the Workshop

Recent developments in the area of the ADA and the relationship between FERPA and HIPAA privacy requirements have raised questions for school districts regarding the provision of health related services to public school students. This workshop will answer questions about these issues raised by School Superintendents, Assistant Superintendents, Special Education Directors and School Nurses.

Workshop Topics

- When and to whom schools may disclose a student's medical information.
- What procedures must be followed when administering medication to students.
- Determining when a student needs an individualized health care plan and/or a Section 504 plan.

Coffee and a light breakfast will be served.

Please register online at: www.shipmangoodwin.com. On the homepage under events, click on "School Law Breakfast Seminar: Student Health Issues."
