About the Workshop

On January 17, 2013, the Department of Health and Human Services released the long-anticipated final rule modifying the Health Insurance

Portability and Accountability Act's ("HIPAA") privacy, security, breach notification and enforcement regulations. Covered entities and business associates will have until **September 23, 2013** to comply with most of the modifications.

In order to ensure that our clients and friends maintain continued compliance, the Shipman & Goodwin Health Law Practice Group will be presenting this complimentary two-part workshop covering the key changes that will affect providers' policies, procedures and day-to-day operations. We will also provide sample policies, procedures and agreements reflecting the modifications.

Both sessions will be held at our Hartford office at One Constitution Plaza. Directions and parking instructions are on the back. This is a two-part series, so we recommend that you register for both sessions.

Coffee and a light breakfast will be served.

Each participant is invited to bring a guest(s) to the workshop. When registering, please register your guest(s) as well. You may also register online by clicking on the Events Tab and on the appropriate date on the calendar at www.shipmangoodwin.com.
