

HEALTHCARE LAW

Forward-Thinking Healthcare Solutions – It's What We Do

Shipman & Goodwin has a comprehensive health law practice with a broad range of experience in each of the major sectors of the health care industry. Our attorneys have a thorough knowledge of the issues and trends affecting the health care industry, and serve as counsel to a variety of organizations. We recognize that our clients need to provide quality health care services, build and operate a business, maintain a workforce, access capital, create and protect intellectual property, resolve disputes, collaborate with physicians and partners, and succeed in a competitive marketplace. We have built a group of dedicated health care lawyers who become valuable members and trusted advisors of our clients' leadership teams.

As a full-service firm, we draw upon our teams of attorneys in business and finance, tax, labor and employment, employee benefits, intellectual property, environmental, mergers and acquisitions and commercial litigation to effectively assist our health care industry clients and to provide value-added services. We are committed to our clients, and strive to ensure that each one gets personal attention from attorneys experienced to handle their matters. We share the ultimate goal of our clients, which is the wellbeing of all peoples, and assist our clients in accomplishing this goal.
